UX Expert wanted

Institute of Medical Statistics and Informatics
Medical University of Innsbruck, Austria

About the Role

Our group is looking for an innovative part-time /UX designer to be part of a pan-European project, willing to work up to 20 hours per week in Innsbruck. This position has the potential for increased hours in the future. This is a unique opportunity to play a pivotal role in improving the user interface and overall user experience for our project.

Key Responsibilities

- Collaborate with project stakeholders to understand requirements and user needs.
- Design and implement intuitive user interfaces while ensuring the overall experience is cohesive and user-centric.
- Provide insightful feedback on existing designs, suggesting actionable improvements.
- Participate actively in regular scrum and sprint meetings, presenting designs and incorporating team feedback.
- Partner with developers and product managers to ensure designs are realized to their full potential.

Qualifications

Required Qualifications

- A degree in UI/UX Design, Human-Computer Interaction, or a related field, or equivalent practical experience.
- Proven experience in user interface design and user experience improvement.
- Good knowledge of web technologies
- Excellent English communication skills, both verbal and written.

Preferred Qualifications

- Prior experience with academic or large collaborative projects.
- Familiarity with Agile methodologies and a background in working in a Scrum environment.
- Knowledge of design tools such as Figma, Sketch, Adobe XD, or similar.

Soft Skills

- A strong passion for international teamwork and a collaborative approach.
- Open to feedback with the flexibility to adapt designs as required.
- Problem solving skills with a commitment to continuous learning.
- Good communication skills.

Why Join Us?

- An opportunity to work on a major pan-European project.
- Work in a flexible environment with the potential to develop your role.
- Engage with a diverse/international team of thinkers and creators.

Kindly forward your CV, portfolio, and a brief cover letter detailing your interest in the position to
